Testimonials

Hockey Inc. is a step above the rest and I wanted to tell you how much I appreciate your dedication to teaching my son about hockey.

The combination of your expertise and attitude are second to none. The instruction techniques that you, Coach D'Arcy and your staff use, do more than just teach hockey skills. Hockey Inc. motivates players to become their best. This must be a direct result of your knowledge, enthusiasm and dedication to the sport of hockey.

I would highly recommend Hockey Inc. to anyone who wants the best. Thank-you!

Lori D.

I just wanted to thank you for the wonderful instruction you gave to both Devan and Troy. They had a great time. I wanted to let you know that Devan tried out for the Shamrock Tyke 2 Travel Team and made it his first time. Troy plays as well for House League. They are having a lot of fun.

I think we will come back to see you in the summer to keep them learning and building their skills.

Again, thanks for making my boys feel like they were not just another number on the ice. It made a difference!

Tamara B.

The staff at Hockey Inc. provided us with great team-training this year. Not just on ice training, but we also took advantage of the off ice training that they offer. This extra training really helped our players throughout the hockey season. Thanks again and book us in for next season!

Philosophy

Hockey Inc.'s motto is "Where Results Count". Our philosophy is based on skill development. All programs have been specifically designed for the young player that aspires to develop and maintain their skills. Players will be exposed to power skating, hockey skills and game situation drills. We believe that youth sports should serve as a cornerstone in the development of character, leadership and self-esteem.
